THD Picks East; Merchants Want West

Caprock Band Gives Money To Canyon

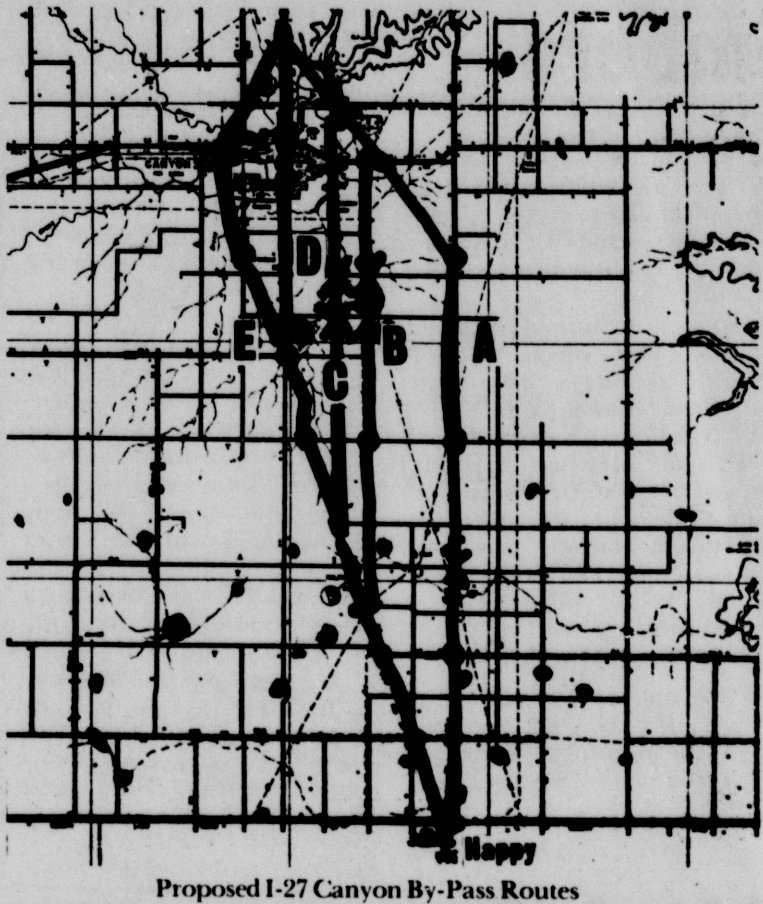

Canyon High School Band received a neighborly helping hand Friday night from the Caprock High School Band.

Caprock band members presented the Eagle band a check for \$27.19 plus stamp books and coupons — all for the trip to Vienna, Austria next summer.

"They are a fine group of youngsters, and we appreciate the money and stamps," said band leader J.W. King.

The CHS band also earned \$1,013 at the two Tri-State Fair booths they manned last week.

"There is no telling how much money we could have made if it had been pretty all last week," King said.

Proposed I-27 Canyon By-Pass Routes

I-27 Canyon By-Pass Routes Aired At Meet

BY MARGO WILLIAMS

Canyon merchants and Texas Highway Department engineers clashed Tuesday night over the proposed I-27 Canyon by-pass route.

Businessmen favored a western route through the city and state officials recommended an eastern corridor that would follow S. Washington Road after intersecting about three miles south of Texas 217.

Some 200 persons attended the public hearing and heard state engineers recommend and support Route A (see map this page). That route leave U.S. 87-60 north of Canyon in the vicinity of Stuckey's and angles southeast until it reaches South Washington. It will follow Washington to the Happy city limits.

Route E, supported by the business community, would leave U.S. 87-60 also at Stuckey's and run southwestward to the western edge of the city and would connect with U.S. 87 south of the city.

Farmers, home owners, land developers, city and county officials and Canyon community leaders made statements endorsing all of the proposed five routes.

W.A. Kirk, owner of the WT Motel in Canyon, recommended a divided highway with the northern lane running east of Canyon and the southern lane taking the western side of the city.

Route A would cost an estimated \$12,948,000 to construct and would dislocate four families.

Route E, would run around \$15,782,000 to build and would dislocate 59 families and two businesses.

Route B, supported by the Canyon Commission last year, would run about two miles

SRCHD Budget Approved Here

A \$30,450 budget was approved in a brief meeting Monday night of the South Randall County Hospital District.

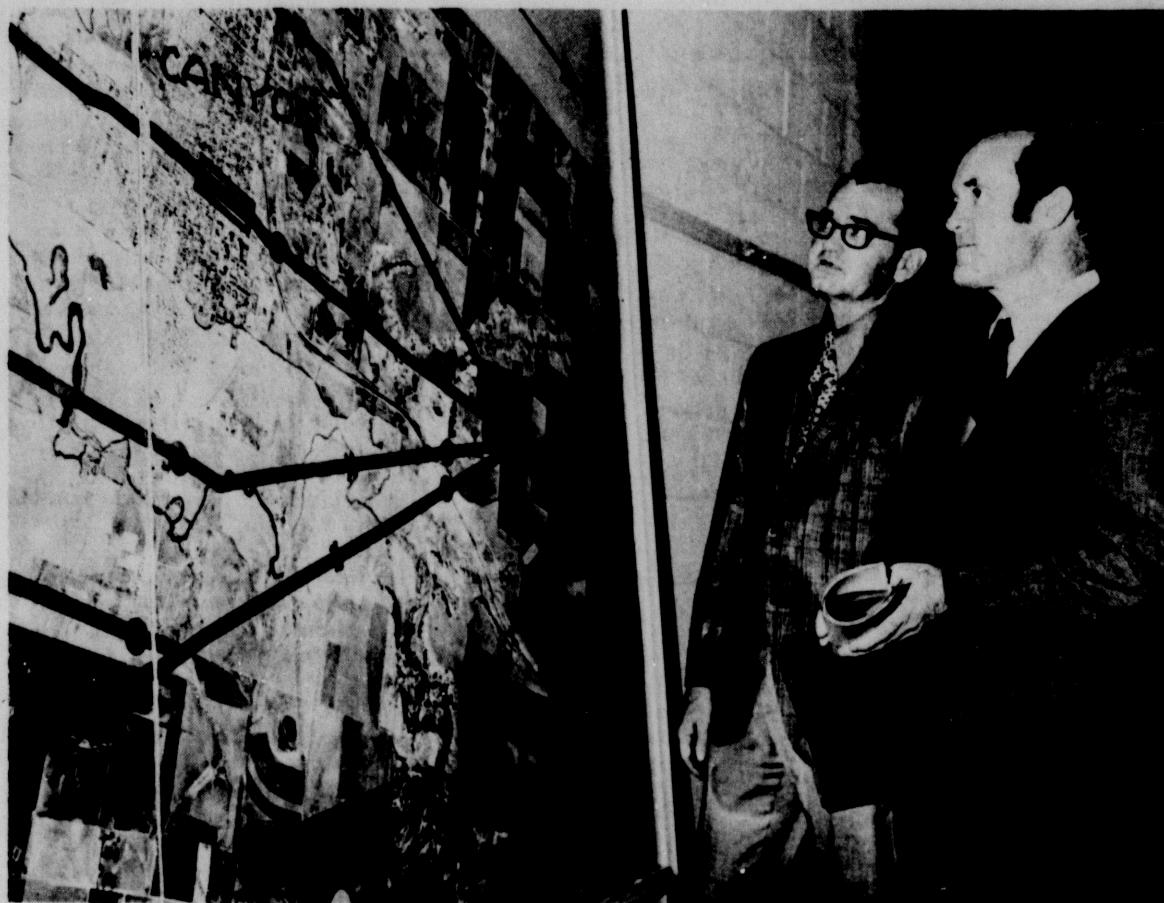

Approval came after a public hearing which was attended only by board members and the press.

The budget calls for some \$14,810 cash outlay during the first fiscal year, Oct. 1 to Sept. 30.

Board members said money would be borrowed this year to finance expenditures rather than tax the county residents in Precinct 3. In future years precinct residents will be sent hospital tax notices from the Randall County Tax Assessor-Collector's office along with county notices.

Budget for 10-1-71 through 9-30-72 includes \$5,000 indigent care; \$3,000 architect fees; \$1,000 attorney fees; \$2,000 travel expenses; \$2,000 contingency fund; \$2,000 bond expense; \$12,000 salaries; \$1,200 payroll expenses; \$500 election expense; \$500 office supplies and printing; \$500 legal fees; \$250 audit expense; \$500 interest expense.

The budget was approved unanimously by the newly (See BUDGET, page 9)

I-27 Canyon by-pass route was the main topic of conversation at a public hearing Tuesday night in Canyon. City Commissioners Jim Christopher, left, and Dr. Willis Harrison eye the large map showing the five proposed by-pass routes around Canyon.

Westerners Aerial Minded

Eagles Try LHS Tonight

"They are somewhere in between Spearman and Caprock." So says head Canyon Eagle coach Ron Mills about his team's next opponent, the Lubbock High Westerners.

The two teams will collide at 7:30 p.m. in Lowry Field in Lubbock tonight.

The Westerners will be trying to rebound from a 45-6 shellacking handed to them by Amarillo High last Saturday. They stand 1-3 on the season. The Eagles will be trying to recover from their 34-6 thumping by Amarillo Caprock last week.

Key missed blocks, failure to contain the Caprock offense and failure to recognize the traps cost the Eagles many, many yards and gave the Longhorns several points last week.

"We just made too many fundamental errors, but we hope we have all that worked out now," Mills said.

"Monday and Tuesday were the best practices we have had all season," Mills said. "Although I didn't like the licking we took Friday (Caprock) it will probably help us in the long run."

"The boys are unhappy with the way they played against Caprock and are really working hard," Mills said.

The Eagle defense will have to deal with an aerial minded Westerner offense. Lubbock quarterback David Cadena

went to the air 37 times in their effort against Amarillo High completing 14 for 181 yards. Two of those passes were intercepted by the Sandies.

"Caden is probably the best college material we have seen this year. He can really pass. He handles the ball real well also, but he is not as fast as the Caprock quarterback is, which should help us a lot."

"Overall I would say that the Westerners are two or three touchdowns per game weaker than Caprock," Mills said.

The Eagles have two starters injured but both are expected to start tonight. Roy Markum is suffering from a pulled muscle and Bob Counsellor has a pinched nerve in his back. "I don't feel that their injuries will affect them in any way (by Thursday)."

"We have been very fortunate this year," Mills commented while knocking on wood. "We have had no major injuries this year. Except for the two weeks that the flu hit us all out boys have been healthy," Mills added.

The Westerners should utilize the split pro set extensively against the Eagles. "Our scouting reports show that Lubbock does not trap very much, but I think that they might after seeing how effectively Caprock trapped against us. I hope that we have that problem cured though," Mills commented.

The Westerners will count on the Arkansas five defense with a rover or a four-four stack. The Westerners have a much better offense than the scored showed last week, but I do not believe that they have the strongest defensive unit we

(See EAGLES, page 9)

Study Club Halloween Carnival Set

The Canyon Study Club is making plans for its annual city-wide Halloween Carnival in two locations on the square. Both the Bellah Building on the southwest corner and the Moses Building on the north side will be used, according to Mrs. Jim Brown, the club projects chairman.

Booth reservations may be made by calling Mrs. Brown, 655-7560, Mrs. Durwood Henderson, 655-2458, or Mrs. Jim Ashford, 655-7691.

The club keeps 25 percent of a booth's profits as rental. The money goes into a fund for a number of projects, including scholarships and civic improvements.

A Halloween queen will be crowned on carnival night. Each group sponsoring a booth is to enter a candidate.

WT Battles Tulsa In Bowl Saturday

BY BENNY TURNER

The West Texas Buffaloes will meet the giant-killing Tulsa Hurricanes at 8 p.m. Saturday in Buffalo Bowl.

The Golden Hurricanes will be sky-high coming off a 21-20 win over seventh ranked Arkansas, behind the passing arm of Todd Starks.

The Hurricanes trailed the Razorbacks 20-0 in the third stanza and then Tulsa exploded in the fourth quarter for three touchdowns and the win.

Starks, a junior college transfer, and crew put on an aerial display resembling that of SMU's Chuck Hixon in years past. He went to the air 43 times in the tilt connecting 24 of them for 257 yards.

"It would be just an assumption to compare Tulsa with Memphis State," said head Buff mentor Gene Mayfield.

"The Tigers had a quick team with a strong defense, where as Tulsa does not have a particularly fast team, but they are big and they throw well —

very well.

"There are two ways you can approach a passing team," Mayfield mused. "Either you try to put a hard rush on their quarterback or if you can't do that you back off a little and protect against the long bomb. You have to give them the short ones and just hope that you can stop the long ones." Mayfield said seemingly indicating that the Buffs would try the latter method.

Driving home his point Mayfield pointed to a past SMU-Texas game. "Texas gave SMU a lot of little short passes and SMU completed 30 or 35 against them (Texas). But it didn't help them — they still lost."

The Buffs took two weeks to prepare for the upcoming game with Tulsa as they had an open date last week. Mayfield said he felt that the offensive unit had made some progress but, "Somedays I felt like we really had accomplished

(See BUFFS, page 9)

Recreation Center Again

Buffalo Lake Rising

Buffalo Lake, holding some 2500 acre feet of water, is expected to bloom as a fishing and recreation center once again.

Refuge manager Paul Ferguson said around 800 surface acres of water is needed before the lake can be stocked with fish. Presently the revived area

holds between 700 and 750 surface acres.

The lake came to life last week after three days of heavy rains north and west of the refuge.

Larry Winn, refuge clerk, said Wednesday that channel catfish will probably be the first fish to be stocked in the lake. And he predicted recreation activities will begin next summer.

Ferguson had said late last week when only 2200 acre feet of water stood in the lake that the activities should be in full swing by summer.

"I don't know what activities yet, but from the looks of the lake now, we will have some activities," he declared.

Buffalo Lake was completely drained in the spring of this year. A heavy rain was needed to fill the lake and spur the area as a recreation center.

In years past, Buffalo Lake has been the hub of swimming, fishing, skiing, boating and picnicking for the Panhandle area.

Refuge officials predicted water fowl will use the refuge more this year due to the additional water.

Rockwell Road Residents Send Court Petition

Randall County Commissioners took under advisement a petition from some 10 Rockwell Road residents requesting road paving north of Canyon.

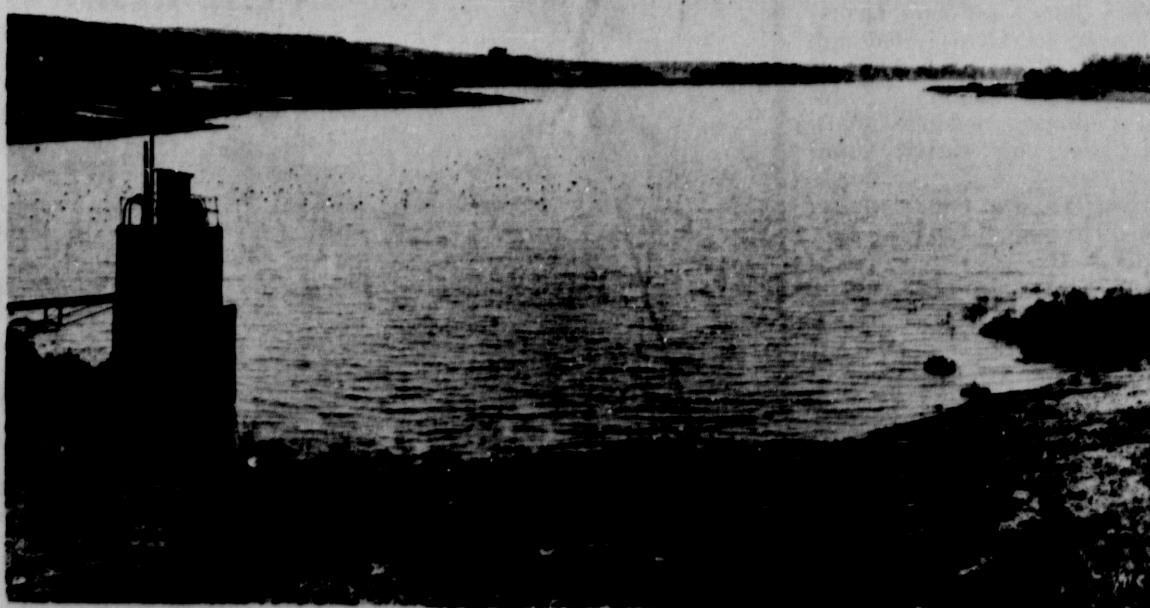

County Judge Woody Pond said the petition came into his office last week and requests paving some three miles of road in the Rockwell-McCormick-Georgia roads area.

The paving would include one mile east on Rockwell Road from the railroad tracks to Georgia and north two miles to the Georgia-McCormick Road intersection.

In other action commissioners voted to resurface 2100 feet on Western Street at Hollywood Road where the road crosses a lake bed.

Heavy rains raised the water level in the lake causing road damage, according to Commissioner Jim Fletcher.

The board also reaffirmed their stand on the I-27 Canyon by-pass location as the eastern route that runs one mile east of (See ROAD, page 9)

Buffalo Lake is alive and kickin' — with ducks and water. The lake has 2500 acre feet of water and around 11 feet at the dam. Refuge manager Paul Ferguson said summer activities are scheduled for the lake and fish will be stocked in it sometime next month.

Annual Affair Nov. 14

Festival Kraut Makin'

BY MARGO WILLIAMS

Take 4,000 pounds of cabbage, 25 workers, bushels of salt, a dozen stone crocks, six weeks waiting period, and you have the kraut for the 19th annual Umbarger German Sausage Festival.

The date is Nov. 14 and work began this week to prepare the 1400 pounds of kraut which will garnish the homemade sausage at the day-long festival.

Umbarger's Parish Hall will house the annual affair, and some 3,000 plus persons across the Golden Spread are expected to attend.

City Sales Tax Up 12.7 %

Canyon's city sales tax check for the second quarter of 1971 totalled \$14,815.64, according to City Manager George Louder.

Louder said last year for the second quarter the city received \$13,145.95 as their one per cent of the city sales tax. The increase is 12.7 per cent, Louder said.

First quarter of 1971 sales tax for the city was \$14,156.25.

"This is a good increase," Louder declared.

Church Votes To Employ Architect

Members of First Presbyterian Church have authorized the session to contract with an architect for the design phase of their proposed building program and instructed a committee to choose sites for recommendation. (See CHURCH, page 9)

COVERING FUMBLES

Dean Mitch Jones

More and more She finds that She has accepted two and at times three obligations at the same time.

Carl Hartman unloads some 4,000 pounds of cabbage which will be used to make about 1400 pounds of kraut for the 19th annual German Sausage Festival Nov. 14 in Umbarger. Raw cabbage is washed, shredded, stomped and finally left to rest for six weeks before the festival.

by Troy Martin

FROM THE

CANYON RIM

District Highway Engineer Chili Smith was understandably put out with The Canyon Sunday News.

The principal thing we pointed out in that issue was that governing bodies and organizations had not been given enough information upon which to base judgement at the time they were called on to endorse an I-27 by-pass route last year.

Our contention was borne out Tuesday night at a public hearing as leader after leader took to the microphone to say that his group would have to rethink the proposition in light of new information.

Mayor J. Manly Bryan was first to make this declaration. The city commission last year endorsed a route east of town but at the time was not aware of the possibility of an interchange at Fourth Avenue.

Randall County commissioners court endorsed the extreme east route which would angle from Stuckey's to Washington Street and thence to Happy. After the meeting Randall County Judge Woody Pond said he was having some second thoughts.

Eddie Knowles, Chamber of Commerce president, said his chamber board may want to change its recommendation as a result of information gathered at the meeting.

Sentiment for the route west of Canyon was evidenced by cheers from the crowd when something favorable was said about that route.

One Amarillo man said he would like to see I-27 go straight down Washington

interstate highway.

Since there was sentiment both ways on the by-pass route at the Tuesday meeting, I would suggest that the Chamber membership be polled before the Chamber board makes a final recommendation.

This would be an excellent way to determine what route business people want.

Frank Irwin, controversial University of Texas regent, says when a man does you dirt you can look down your sights long enough and he eventually will cross them.

"Then all you have to do is sit there and squeeze the trigger," he declared.

H.M. Baggerly, Tulsa editor, must be embarrassed this week. Baggerly despises Billy Graham, the Baptist evangelist, because Billy is accused of once having said grace at the Nixon dinner table. Since then the only decision to which Graham has moved the country editor is to blast the TV preacher every chance he gets.

On the otherhand Baggerly hails Graham Purcell the indecisive congressman from Wichita Falls as something of a Messiah who is destined to deliver this Congressional District from the hands of the Pampa Ogre, Republican Bob Price.

Imagine Baggerly's chargin this week when Graham Purcell mailed out to district news media a picture of himself and Billy Graham.

Read the current issue of Reader's Digest if you want to find out how the World Council of Churches is sponsoring revolution.

A WCC committee on race chaired by none other than Senator George McGovern endorsed the use of violence "where society does not permit the restructuring of power," according to the Digest.

McGovern currently is seeking the Democratic nomination for President.

The digest says that in September of last year the WCC began giving aid from a special fund to 19 "liberation" movements, most of them in southern Africa.

It went on to say that 14 of them were known to be engaged in guerilla activities, many of them terrorists and that four of the most generously financed are avowedly communists.

"At least three of the four, according to the London Insti-

tute for the study of Conflict, are receiving arms from the Soviet Union," the Digest article goes on. "All four have records of bloody terrorism not only against whites but against those black Africans who repudiate their terrorist methods."

What can you do?

You can refuse to give a dime to any fund — church or otherwise — without a detailed accounting of what ultimate use will be made of it.

You can work within your church to terminate its affiliation with any organization with goals inimical to the interests of this country.

Members of the Canyon Booster Club were treated to a speech by Southwest Football Official Association member Austin Bowes at their regular meeting Tuesday night.

Coach Ron Mills told the group that the Eagles just "didn't prepare very well for the Caprock game last week."

He added however, "We are pleased with the effort that our boys put out. We were still in the ball game in the third quarter. If we had to do it over again we would try to stop their quarterback first."

Mills named Randal Smith offensive lineman of the week, Roy Markum, defensive lineman of the week, Cliff Prichard offensive back of the week (for the second straight week) and James Johnson defensive back of the week.

Bowes, a familiar sight to area football fans, told those gathered what is required before a man can become a football referee.

He explained that one must be an associate member of the SFOA to be considered. He must then study four books and then take a 100 question test before he can submit an application.

After his application is accepted he will be assigned to a local chapter, he said. The area chapter is in Amarillo.

"Before an official can officiate a game he must be approved by both coaches. If the coaches cannot agree on a set of referees, four are appointed,

than four. The clock now starts after a penalty has been marked off and not when the ball is snapped. A punted ball is dead when it goes into the end zone untouched, but is still playable if it is touched.

"Due to the number of knee injuries and other injuries crack back blocks have been outlawed," Bowes said. "Clipping is allowed four yards on either side of where the ball is set and three yards on either side of the line of scrimmage, but the backs or ends cannot crackback anymore."

Bowes held a short question and answer period.

President of the club Jim Curtis urged the club members to continue with the donation drive and then dismissed the meeting.

WT Freshmen Gridders Rip

Shockers, 23-7 In Opener

A pair of Mike Waters to Kenneth Sellers passes scored one touchdown and set up another as the West Texas State freshmen opened their football season with a 23-7 victory over Wichita State here Saturday afternoon before 2,500 fans in Buffalo Bowl.

The game was the first public showing for the first recruits of new varsity coach Gene Mayfield.

Wartes, who is the son of former Hereford, Tex., high school coach Larry Wartes, hit Sellers with a 76-yard scoring pass in the fourth quarter. His 46-yard pass earlier in the game to the same split end set up the second touchdown for the young Buffaloes.

The game also features a Buffalo Bowl stadium record field goal by Juan Garza, younger brother of varsity kicker Matias. Juan boomed a 52-yard field goal true with 54 seconds remaining in the first half. Matias has the Buffalo varsity record of 56 yards, but that was kicked away from home at Bowling Green.

"I was pleased with the way the players got excited to play," said head coach Mayfield.

Head freshman coach Ronnie Mankin was pleased with the effort of the players, but said they must improve before playing Tulsa at Tulsa Oct. 4. "We made some mistakes which must be corrected."

Mankin was pleased by the running of halfbacks Johnny Jackson and Jimmy Lisle and the blocking and running of fullback Ronnie Fangman from Vega. He also praised defensive linebackers Bruce Davis and David Herber and defensive end Kenny Donathan, a high school teammate of Fangman.

Leldon Hensley, varsity secondary coach, was pleased with the efforts of safety men Robert Edwards and Arcadio Rivera. "Both of the safeties played well, as did cornerback Garza and Canyon's Frank Belcher," said Hensley.

Happy Schedules

9th Homecoming

The Happy Cowboys will play Bovina as the climax of The Happy High School homecoming celebration Friday.

Kickoff at 8 p.m. will be preceded by a program, pep rally, and business meet in the high school auditorium.

Coffee time in the school cafeteria will follow the game.

Special guests at the ninth homecoming will be the Bi-District Football Champions for 1971.

Classes to be honored are those of 1911, 1921, 1931, 1941, 1951, 1961, and 1971.

Registration at \$1 will begin at the entrance to Happy High School at 1 p.m. Saturday. A buffet supper will be served from 5:30 to 7:30 in the cafeteria. Prices for the meal are \$1.75 and \$1.25.

Officers of the Happy Alumni Association are Mr. and Mrs. Don Magness, presidents, Mr. and Mrs. Lonnie Todd, vice-presidents, and Mrs. D.L. Allison, secretary and treasurer.

Members of the 1951 championship team are Marlin Sluder, Kansas City, Kan.; Eugene Littlefield, Arlington; Forrest Bowe, Delano, Calif.; Gerald McCasland, San Antonio; Joe Barrett, Las Vegas, Nev.; Robert Ferguson, Gruver; Charles Cole, Angleton; Elvin McDowell, Boulder, Colo.; Rex Burris, Bridgeport; Clay Lockett, Santa Monica, Calif.; Norman Oler (deceased); Bill Brewer, address unknown; Nick Uselding and H.J. Greenfield, Amarillo; Jack Collier, Wiley James and Bob Henry, Canyon; Joe Henry, Hereford; Dean Todd and Bob McDonald, Tulsa; Weldon Sims, Capt. Buddy Selvidge, W.D. McCarley, and Reggie Johnson, Happy.

Coaches are Otis Holiday and Howard Batson of Portales, N.M.

Our World

ment.

What did the Master Teacher say about it? He commanded servants to obey their masters, wives to obey husbands, children to obey parents, and parents to obey God.

Jesus commanded man to love God supremely, and his neighbor as himself. He knew all social injustice was the outgrowth of man's disobedience to God. Hacking at social evils is like cutting off the branches of a tree.

To get rid of a tree, one must dig up the roots. The root of all social evil is man's disobedience to God's laws.

To be able to live in harmony with God's laws, man must have a new nature. Jesus described that new nature as a gift, or a birth. Does man earn gifts or birth? Is either a continuous process?

Many intellectuals contend the Bible is obsolete. Others insist they cannot accept it because they do not know who wrote it, cannot understand it, or it is contrary to their beliefs.

Are the multiplication tables obsolete? Who knows who wrote them? Does their validity depend on anyone's understanding or belief? We all use them, however, for one good, practical reason: they work.

Our nation spends \$ billions on planning committees and programs attempting to cure social ills. The Bible presents a simple remedy. And, like the multiplication tables, it works.

The primary emphasis of the teachings of Jesus was on the absolute necessity of man acquiring that new nature — becoming a new creature (John 3:3-8; Gal. 6:15; II Cor. 5:17).

The State keeps trying to clean up the old creature. But it

works just like Peter said it would (II Peter 2:22).

The big problem is the blind trying to lead the blind. The people who are the most determined to change the world make little apparent effort to improve conditions in their own homes and communities.

Many modern "reformers" flout mores, morals, and laws (Bernadette Delvin, Angela Davis, clerics who destroy draft files, etc.). Others are divorced, their children are delinquents, and their neighbors despise them.

If we are ever to rid our nation of envy, greed, and intolerance, we must begin in our individual hearts where such destructive passions originate.

Any man who loves his neighbor will not abuse him, but will sincerely try to help him. And the most help any neighbor can give is to tend his own affairs, let his neighbor do the same, and stand ready to give aid in time of trouble.

What causes the most painful pressures Americans have to endure? What is the fastest growing business in America? Burglar alarms and protection devices.

Man is engaged in a constant and frantic effort to protect himself — not against foreign aggressors, but his own neighbors.

Every social ill known to man would be healed if everyone loved God, and his neighbor. So that's about all Jesus had to say on the subject.

The only foundation for social justice is obedience to our Creator. And He commanded us to love one another.

Until America gets the foundation laid, who can put on the roof?

What did the Master Teacher say about it? He commanded servants to obey their masters, wives to obey husbands, children to obey parents, and parents to obey God.

Jesus commanded man to love God supremely, and his neighbor as himself. He knew all social injustice was the outgrowth of man's disobedience to God. Hacking at social evils is like cutting off the branches of a tree.

HAPPY TEXAS

Umbarger News

BY SUSAN DOLLE

The Sausage Festival is off and running. Co-chairmen Jack Brandt and Carl Hartman have begun asking people to fill their chairmanships. The head cooks for this year will be Ernestine Friemel, Mary Theresa Friemel, Susie Hicks and Linda Koch. Leonard Batenhorst is in charge of publicity and Elroy Artho will head the sausage making. This last Tuesday about thirty volunteers with Helen Batenhorst as chairman cut and salted cabbage for sauerkraut. There was plenty of cabbage left over to take home.

The festival is a good community project; anymore it is as certain a fall event as the falling of the leaves.

The dinner will be held November 11.

Seventeen acts were presented in the CYO talent show Sunday night. First place winner was Patricia Grabber who performed a piano solo. Second and third prizes were awarded for pantomime acts. Misses Leisa Ferguson, Shirley Lindemann, and Janet Wilhelm presented "You Can't Roller Skate in a Buffalo Herd" and "King of the Road." The "Eight Little Rabbits," Julie Gerber, Roxane and Jackie Skarke, Julie and Jennifer Dolle, Leisa and Lori Fishbacher and Denis Friemel were third place winners.

Tractor Safety Discussed

A demonstration on the dangers of operating a farm tractor was presented to members of the Canyon FFA Chapter Wednesday by Ben Bullard, assistant safety director for the Texas Farm Bureau.

Miniature tractors and equipment were used to recreate actual occurrences, and a film emphasizing the advantages of using a roll guard or a crush-proof cab was shown.

Included in the discussion were overruns, hitching and unhitching, speed, horseplay, refueling, the use of the SMV emblem, seatbelts, maintenance, extra passengers, and other factors contributing to accidents.

Approximately 1,000 farm people are killed on tractors and other machinery each year in the United States. Texas farms are the scenes of 25 or 30 tractor fatalities and 20 to 25 other farm machinery fatalities each year, according to Canyon High School's vocational agriculture teachers, Leroy Groves and Jim Walker.

The program was sponsored by the Randall County Farm Bureau.

WT Net Team Will Journey To Albuquerque

CANYON-West Texas State University's Tennis team will leave Wednesday for Albuquerque to compete in the Southwestern Sectional Tennis Tournament.

The Buffaloes will face host University of New Mexico in a team match at 3 p.m. (MDT) and will play in the individual tourney, which opens Thursday and runs through Sunday.

New Mexico has a strong tennis club, falling only 5 1/2 - 3 1/2 to the Buffaloes last spring. The Buffaloes went on to win the Missouri Valley Conference championship and finished in a tie for 21st in the National Collegiate Athletic Association Tourney in South Bend, Ind.

The Buffaloes lost their top player-Leo Estopare-by graduation, but return the remainder of the squad.

Paul Tobin from St. Louis has moved from number two to the number one singles position. Other veterans are Mike Bolton from Vancouver, B.C., John Phillips from Snyder, Tex., and Dale Corbin from Wichita Falls, Tex., and Joe Carrick of El Paso, Tex. Freshman are Mark Nabers of San Antonio, Tex., and Steve Bailey from Weatherford, Okla.

ners. Not everyone present knew that "Geraldine," Flip Wilson's girl friend was a boy this time - Joe Dale Lee.

Judges for the contest were Mr. and Mrs. Ronnie Gordon of Canyon and Mrs. Craig Hinger of Dawn. The evening which ended with an ice cream social was planned by Elaine Ramaekers and her committee.

Mr. and Mrs. Edward W. Boehmer of Dimock, S. Dak. and Mr. and Mrs. Frank Dirkschneider of Snyder, Neb. visited with Mr. and Mrs. J.G. Batenhorst recently. The ladies are cousins to Mrs. Batenhorst. They attended school together in Nebraska.

Mr. and Mrs. Joe Wieck

visited last week with Brother Martin Grimm in St. Louis while on a business trip. Brother Martin of the Christian Brothers community is a relative to many Friemels in the Umbarger area. He has been bedridden for many years and spends his hours writing for the Twin Circle publishers. Mr. and Mrs. Wieck report that Brother Martin has been able to talk for the past six months and that he remains cheerful and eager for living.

My conservation husband told me what the modern word ecology means. The Greek word ekos means house, so ecology is the study of our house and what we do to make it livable.

Guided Tours For Museum

A new guided tour program will be initiated Friday at the Panhandle-Plains Historical Museum on the West Texas State University campus.

A pilot series of guided tours is scheduled through October, with tours scheduled at 2 p.m. Mondays, Wednesdays and Fridays, said Kim E. Taylor, recently appointed director of education at the museum.

The tours are being offered on a trial basis in order to gauge the response of the community to such a program, Taylor said.

They will include a general survey of the museum and provide historical background on the various objects and exhibitions on display, he added.

Two university students, Genie Knighton, Longview junior, and Patti Short,

Tahoka junior, will assist.

There will be no charge for the tours, Taylor said. No advance reservations are necessary.

He said if sufficient community response is received the three-weekly tours will become a permanent service at the museum.

Previously, tours were available at the museum through appointment only.

Show Set

The Amayrills Porcelain Art Club will hold its annual exhibit of handpainted china in the Amarillo YWCA from 1 to 5 p.m. on Oct. 10, according to Mrs. Tom C. Gooch, Sr., of Happy.

Junior Class Magazine Sale Begins Today

Canyon High School Junior Class begins a two-week magazine sales drive today to raise money for the Junior-Senior Prom.

Melody Swauger, class sponsor, said a total of \$9,000 worth of magazines is the goal for the drive. The class hopes to make a profit of around \$3,600 to pay for

the prom. Annual prom is held in the spring with the junior class hosting the dance for the senior class.

22 Initiated Into Key Club

Some 92 Canyon High School students attended a Leadership Banquet Tuesday night sponsored by the Key Club.

David Gidden, president of the Key Club, served as master of ceremonies.

Twenty-two new members were installed in the club.

Denn. Walling, WT head basketball coach, was guest speaker.

Program included the Pledge of Allegiance led by Craig Henderson; invocation by Bill Moore; introduction of guests by Daryl Curtis; school song by Frank Garrett; and piano and Key Club Sweetheart, Marilyn Read.

Officers of the club for 1971-72 in addition to Gidden are Curtis, vice president; Moore,

secretary; Henderson, treasurer; John Hoover, program chairman; and Tom Trew, reporter.

New members are Joe Bull, Tom Trew, Gary Hair, Tim Bashor, Mark Guill, J.D. Fort, Mike Slack, Jeff Brown, Gary McBride, Ronnie Cates, Mike Bromley, Roger Burton, Jim Madewell, Marty Widick, Randy Abbott, John Hoover, Denny Bryan, Frank Garrett, Mike Podzemni, Ronnie Branum, Bob Counsellor, David Hernandez and Doug Rittenberry.

VOE Installs New Officers

David Gidden was installed as president of the Vocational Office Education Association Sunday in the audio-visual room at Canyon High School.

Other officers are Jeff Brown, vice-president; Glenda Holladay, secretary; Renee Wilkinson, treasurer; Frieda Abbott, reporter; Glenda Hollenstein, historian, and Kathy Allen, parliamentarian.

Mrs. Ruth Holladay conducted the induction ceremony.

Tillinghast Joins Trampoline Act

Jack Tillinghast performed with a trampoline group in Houston Saturday as part of the entertainment for an annual employees picnic for the NASA Manned Space Craft Center.

The 7,200 guests saw five trampolines shows.

Tillinghast is a physical education instructor at West Texas State.

Dr. Leta Boswell Talks On Cancer Awareness

Dr. Leta Boswell presented a program on cancer awareness at the Sept. 20 meeting of the Heritage Woman's Club in the home of Mrs. Linda Gibson, 70014th St.

Other hostesses were Mrs. Cleo Brown and Mrs. Janette Perry.

Members present were Mesdames Harriet Brandon, Virginia Cotten, Marian

Marrs, Marita Crowder, Johnnie Gordon, Darlene Hollabaugh, Jo Carol Kimery, Janie Louder, Marie Manley, Darlene Plank, Anne Thomason, Portia Tillinghast, Jill McGregor, Linda Mote, Patricia Vise, Kathy Poole, Gibson, Brown, and Perry.

Mrs. Jim Dawson was a guest, and Mrs. Carol Crain became a new member.

David Gidden, left, president of the Canyon High School Key Club is shown with club sponsor Leonard Kent. Some 22 new members were installed Tuesday

night at a Leadership Banquet of 92 CHS club leaders. WT head basketball coach Dennis Walling was guest speaker.

Fall Elections Held At WT

Freshman and graduate student senators elected last week were sworn in at a Monday meeting of the WTSU Student Senate. A junior senate vacancy was also filled.

Freshman cheerleaders were also chosen during the Wednesday and Thursday elections.

New graduate senators are William Darden, Joe Jacobs and LeNore Wilson. Sandra Graves was chosen to join the junior delegation.

Freshman senators are Patty Klaus, Rita Gill, Paul Koenig, Bettie Jo Davidson, Kathy King, Roxanne Rice, Terri Tobler, Howie Russell, and Debi Kennedy.

The new freshman cheerleaders are Marsha Gohlke, Terry Shewbert, Marsha Thomas, Jo Nell Andrews, Roni Cox, and Donna Becknell.

A Season for all lengths...
A Coat for all occasions...

Here are five of the great looks in coats for the fall season. (Clockwise) ● "Chain" lightning! Twin lines of buttons down the front, detail stitching. A three-quarter leather belt shows off its triple-threat shiny decorative chains in front. Demure, stitch-sculptured collar. Set-in sleeves. Just-below-the-knee length. ● Designed to set you in high style. Stitched border and waist. Stitched pockets in the shape of a "J" ... for "jet". A high, double-breasted look, accomplished by a raised waist seam with the buttons stopping right there. Sleeves are set-in. The length is movin' mid-calf. ● The Cavalier collar and—but, of course—matching Cavalier cuffs. Stitched bib-like over-front, with a half-dozen buttons within its border. The back features the same collar-to-waistline design, two buttons there ... at the waist. Planet-size buttons. Mid-calf marvelous! ● Full-bodied design with sleeves and yoke cut as one. Dual button detail down the front. Large patch pockets on either side are tilted and buttoned. And setting the entire design off to maximum advantage, the contrast trim on the collar, down the front closure and around the hem (plus the outlining on the patch pockets). ● Looking like a giant necktie, the double-breasted bib-like front is stitched all around. The three-quarter belt rides right into the front seam. The sleeves are set-in, snugly. In back ... a floating panel is set into the back waist seam. A coat that really flies! Plenty of stitching and style.

Miss Johnson Takes Trophies At State Show

Miss Martha Johnson was a member of the District 1 4-H delegation who returned from Fort Worth Sunday with the Champion Herdsmen Award from the State 4-H Horse Show.

Miss Johnson, the daughter of Mr. and Mrs. Vern Johnson, placed fifth in reining in the Western pleasure-riding division and sixth in English pleasure riding.

The 20-rider team, which represented the 22-county district, won the Herdsmen trophy for displaying the cleanest and most attractive area at the Show.

Two New Hired At WT Security

Two new officers have been hired by the West Texas State University security office, according to Bobby Hudson, security director.

Hudson said the two will replace one officer who left the department and another who will join the Metro Squad.

Leaving the department was Skip Kendrick, who was the WT Security Department's representative to the Metro Squad. Kendrick joins the Department of Public Safety effective Oct. 5.

Lee Morgan, WT senior and officer with the department for a year, will replace Kendrick with Metro.

The two new officers include Mike McCarley of Happy, a graduate student at WT, and Howard Denton, WT senior.

Both begin work tomorrow. Hudson said the shift brings his staff to nine officers, two office personnel, four gate attendants, and eight part time students.

"This is a total of 23 persons on our staff," Hudson noted.

I. That the name of the person whose estate is sought to be partitioned and distributed is Linnie Mae Morris, and that your applicant is the Administrator of such estate.

II. Your applicant would show that the following persons, whose identity is known and whose addresses and residences are stated after their names, respectively, are all and the only persons interested in or entitled to shares of such estate, to-wit:

A. Ernest E. Lindley, brother of the deceased, Route 1, Box 332, Hermiston, Umatilla County, Oregon;

B. Mrs. Gladys Fay Copeland, sister of the deceased, 805 West Apache, Farmington, San Juan County, New Mexico;

C. Gordon E. Lindley, nephew of the deceased, Box 108, Mountain View, Uinta County, Wyoming.

That all of such persons are of sound and disposing mind and memory and above the age of twenty-one (21) years.

F. That the Administrator, Ernest E. Lindley, has personally paid the total sum of \$261.00 in partial payment on the expenses of administration, for which he has not been reimbursed by said estate.

IV. That this Application is made and filed this 7th day of September, 1971, after the expiration of six months after the original grant of Letters of Administration on the 8th day of February 1971, for the additional reason that there are no debts or claims not provided for and that there are no further duties to perform on the part of the Administrator other than the duty to present this Application for Partition and Distribution of said estate.

Applicant prays that after such process as may be required by law, Partition and Distribution be ordered and effected in the manner provided by law, and for all such orders in such respect as may be requisite or proper.

Ernest E. Lindley, Administrator
Esther Fife, Notary Public

III. That the reasons that a partition and distribution should be had are as follows:

A. That the entire asset of the estate consists of cash, which has been placed in a checking account, No. 74-068-3, Estate of Linnie Mae Morris, at the First National Bank of Amarillo, Potter County, Texas; that the current balance of said checking account is \$7,735.33, as evidenced by Exhibit "A", entitled Certification of Account, which is attached hereto and incorporated herein for all intents and purposes.

B. That there are no charges or claims that have been established by suit.

THE STATE OF OREGON
COUNTY OF UMATILLA
BEFORE ME, the undersigned authority, in and for said County and State, on this day personally appeared ERNEST E. LINDLEY, known to me to be the person whose name is subscribed to the foregoing Application for Partition and Distribution, who, on his oath, stated to me that the facts contained therein are in all things true and correct.

Patti Killens, Amarillo freshman, enjoys the bright sunshine and an intramural football game on the West Texas State campus recently.

I-27...

(Continued from Page 1)

"Chili" Smith said the western route would not be feasible without an interchange at Fourth Avenue.

But he noted several problems would be involved if route E was selected.

Smith explained that the close proximity of U.S. Hwy. 60, where an interchange must be constructed, Fourth Avenue and the Santa Fe railroad tracks

would cause problems in designing adequate interchanges.

"We are limited on the amount of space in that area," Smith commented.

"But if an eastern route is selected the city of Canyon will suffer," said Jim Brown speaking in favor of the western corridor.

"Routes A, B and C would take tourists, dollars and people away from town," he stressed. "The western route is the only feasible one." "Any route but E would hurt our town."

He received loud applause as he closed saying 2 1/2 to 3 million dollars extra for the western route would mean little over several years.

"And I believe we can find needed homes for persons displaced by the time they need to be relocated," Brown continued.

Burwell Southern, Canyon optometrist, drew crowd support with his statement, "Go west, young man, go west."

Mrs. W.E. Parker, president of the Downtown Merchants Association, said a written statement would be given within 10 days.

West Texas State University Financial Vice President Virgil Henson said, in a written recommendation, he supported

Bufs...

(Continued from Page 1)

something out there, then on other days I felt like we hadn't done anything," Mayfield.

The Buffalo offensive unit has yet to perform up to its potential. Thus far this year the Bufs have scored 14 points while their two opponents have racked up 36.

Mayfield said that although the offensive team had made some progress, a great deal more work must be completed before it will be up to its usual standards.

"Our offense has been inconsistent up to this point." We will run one good play and then follow it up with several poor ones," said Mayfield, who is known for his love of ball-control teams.

The Buff secondary, riddled by graduation this year has only one man, Mike Hmcr; who lettered last fall. Ron Willingham, who played flanker last year, was called on to bolster the defense secondary.

Posting another worry for the WTSU defense will be Larry Frey who had been scheduled to be a red-shirt this season.

In the Arkansas game there were 12 minutes left and Tulsa still trailed by 20. "That is when red-shirt — Larry Frey went out there and did wonders," said Hurricane coach Claude Gibson. Frey racked up 70 yards on 17 attempts and caught a 21 yard aerial for the winning TD. "We had never really given Frey a chance before," Gibson said, "he is ready now."

The Bufs are coming off a 14-6 win over Lamar University, but the offensive inconsistency remains a constant sore spot for them.

Quarterback Ed Holwig looked to the air for 1,097 yards last year, but has connected on only eight of 26 aicals this season.

Billy Prichard a sophomore, has however, scampered for 305 yards against the WT oppon-

ents, 219 steps of that coming against Lamar. He is the leading ground gainer in the Missouri Valley Conference.

"We will not change our offense around much for this game."

"We have just tried to work

on some weak spots and stress certain areas that we feel will work. I don't believe that changing the offense from week to week is good, sound football," Mayfield concluded.

Tickets for the tilt are available at the WT ticket office.

Eagles...

(Continued from Page 1)

have played against this year," Mills commented.

James Johnson, who was named Eagle defensive back of the week will lead the Canyon secondary aerial patrol against Lubbock High. Mike Shadix, Kenny Jones and Gary Gerber will round out the starting defensive secondary.

Matt Hanson lead the ball runners last week against Caprock carrying the ball nine times for 42 yards. But Cliff Prichard, who gound out 36 yards in 12 attempts, was named offensive back of the week.

Last year Prichard sparked a 16-12 Eagles upset over the Westerners. He scored two times and carried the ball 113 yards to help give the Eagles their first win of the season in '70.

Budget...

(Continued from Page 1)

elected board.

Ray Grimes, district administrator, said several expenses shown in the budget may not be used the first year. Indigent care in included in the items which may not have to be paid by the district.

Grimes explained Neblett Memorial Hospital board agreed to continue absorbing all usual indigent care as a bad debt, but some money was budgeted in case of some unusual situation that may arise.

Neblett Memorial Hospital will also provide supplies for the district at no expense to the district. Bond expense will not be due if bonds are sold during the first year.

Grimes also noted that if borrowing is kept to a minimum and favorable loans negotiated the \$500 interest expense should be small.

Board will meet Oct. 18 for the next regular session.

Road...

(Continued from Page 1)

the Canyon City limits and connects with Washington Road southward.

"I think it is the best route because of the economy of that route," said Commissioner Jann Dowlen.

He explained that the court's selection crosses the creek only once and crosses the railroad in a favorable location. Dowlen also noted that 100 feet of right of way is already owned by the state along South Washington.

"The eastern route gets away from as many houses also," Dowlen continued.

And he pointed out that the eastern route would leave only two roads south to be maintained, rather than three, which would be required if any one of the two other routes were chosen.

platted for a subdivision development.

Knowles reappeared stressing the need to keep the by-pass as close to Canyon as possible.

Lee Donnell, representing the city of Happy, read a letter dated in 1969 supporting the route A entrance to Happy.

Joe W. Green of Canyon said he supported Route C.

Sherwood Blasdel, who lives northeast of Canyon, said he felt the western route would help keep the center of the city beautiful, and would stimulate growth on the western edge of the city.

"And the additional \$2.5 million could be about the same that the federal government would give Canyon for urban renewal if the western section of the city does not develop," Blasdel humored.

Dr. C.R. Nester, who lives east of the city on the Palo Duro Highway, recommended route A but suggested the road cut to the east further north.

Jim Scarbrough felt route D would be beneficial and suggested polling the people whose land would be affected along U.S. 87.

Smith commented that an entire block on either side of the highway would be needed through town if route D was accepted.

Charles Hillier supported route B, which was recommended by Marvin Springer, an independent engineer who made a study for the city a year ago.

Highway department official Mike Caldwell said the eastern route would be the best for economic growth for the county, and the western route would not help economic growth for Canyon.

However Caldwell noted that as Canyon grows eastward, route C would form a barrier and hinder growth to the east.

And he noted that along routes A, B and C the right of way which would be removed from the tax polls of the local government would more than be offset by the increased value of the adjacent properties.

"There would be no tax losses due to either Routes A, or B, or C. Along Route D approximately 72 residences and approximately 36 places of business would be directly involved. Along Route E, approximately 59 houses would be removed from the tax roll."

"The tax loss to the community of Canyon would have a detrimental effect upon the tax structure," Caldwell stressed.

All statements made at the Tuesday meeting and any additional recommendations made within 10 days will be sent to the Texas Highway Department for recommendation, then to the Highway Commission and finally to the Federal Highway Administration for final approval.

Smith said if all went smooth in by-pass procedures he expects contracts to be let on a portion of the road in two to three years.

Church...

(Continued from Page 1)

mendation to the congregation.

The decisions were made in a Sunday morning meeting moderated by the pastor, Rev. Baldwin J. Strubling.

The Presbyterians accepted the written building program presented to them by Jim Irwin, chairman of the executive building committee, which incorporated the two moves, and also authorized the developing of a capital funds campaign to be directed by a counselor from the Board of National Missions of the Presbyterian Church.

The architect is to have preliminary designs prepared for consideration by Mar. 1, Rev. Strubling said.

Give yourself ELECTRIC Heating

We'll give you an ELECTRIC Dishwasher

HEAT-N-CLEAN

In the Electric Climate...

■ Put clean electric heating in your single family residence and we'll give you an electric dishwasher to clean your dishes. You may choose either a built-in model or the convertible in your choice of colors — Dark Copper, Avocado, Harvest Gold, or White. We'll deliver it to your door and you take care of the installation as you see fit.

■ To qualify for this "most wanted" appliance, the dishwasher, you need only be a customer of Southwestern Public Service Company and put permanently installed, whole-house electric heating in your present or new home with installation beginning not later than December 1, 1971, when the offer expires.

■ Call us this week for complete information on the desirability of comfort electric heating. Don't miss out on the opportunity to receive an electric dishwasher free of extra cost!

■ Enjoy clean living in the electric climate.

Call US...This Week!

P.S.
If you already have a dishwasher — don't despair. We have a substitute you'll like.

CANYON CREDIT BUREAU

NOTICE

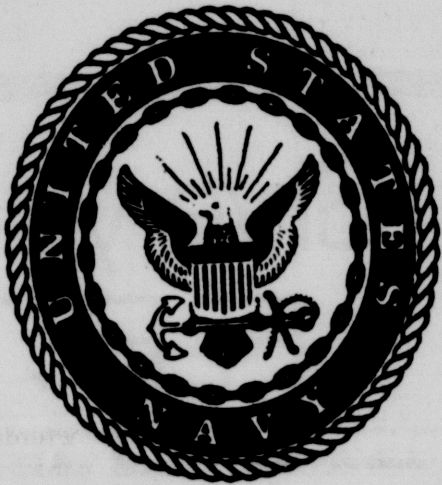

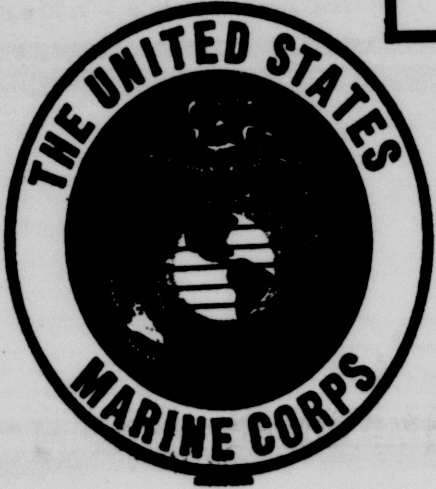

TO ALL VETERANS & EX-SERVICEMEN

WHO HAVE HONORABLY SERVED

THEIR COUNTRY IN TIME OF WAR OR PEACE

This program for Veterans is an independent effort by Memory Gardens of Amarillo to render a genuine service to those who valiantly served our country. It is not supported financially or otherwise, by the U. S. Federal government; nor, is it supplemented by tax funds of this state.

YOU ARE ENTITLED TO A BURIAL SPACE IN A NATIONAL CEMETERY. BECAUSE OF THE LACK OF BURIAL SPACES AVAILABLE FOR VETERANS IN THE NATIONAL CEMETERIES, BECAUSE THERE IS NO NATIONAL CEMETERY IN THE NORTH AND WEST TEXAS AREA, AND BECAUSE OF THE GREAT DISTANCES AND ACCOMPANYING COSTS INVOLVED FROM THIS AREA TO A NATIONAL CEMETERY, A "VETERANS FIELD OF HONOR" HAS BEEN DEVELOPED FOR VETERANS AND THEIR FAMILIES AT MEMORY GARDENS OF AMARILLO CEMETERY LOCATED ON THE CANYON E-WAY BETWEEN CANYON AND AMARILLO.

AS AN HONORABLY DISCHARGED VETERAN (OR ACTIVE DUTY PERSONNEL) OF THE UNITED STATES ARMED FORCES YOU ARE ENTITLED TO AND WILL BE ASSIGNED A FREE BURIAL SPACE IN OUR NEW "VETERANS" GARDEN, HOWEVER YOU MUST REGISTER FOR THIS. VERIFICATION OF YOUR SERIAL NUMBER AND DISCHARGE IS REQUIRED.

PLEASE FILL IN ALL INFORMATION ON THE COUPON AND MAIL AT ONCE. A CERTIFICATE OF ENTITLEMENT TO BURIAL WILL BE FURNISHED YOU AS SOON AS ALL INFORMATION IS VERIFIED. (WE WILL ALSO FURNISH YOU WITH VALUABLE INFORMATION ON RELATED CASH BENEFITS DUE YOU FROM THE UNITED STATES GOVERNMENT.)

NOTE: ONLY A LIMITED NUMBER OF SPACES ARE AVAILABLE AND WILL BE ALLOCATED ON A FIRST COME FIRST SERVED ARRANGEMENT WHILE SPACE EXISTS.

PROTECTIVE FEATURES: SPECIAL PROTECTIVE FEATURES ARE ALSO AVAILABLE FOR A VETERAN'S WIFE AS WELL AS ALL MINOR CHILDREN BY REQUEST.

TO ASSURE YOUR RESERVATION, MAIL THIS COUPON TO:

VETERANS AFFAIRS DEPT.
MEMORY GARDENS OF AMARILLO, INC.
P.O. BOX 7486
AMARILLO, TEXAS, 79109

NAME	SERIAL NO.

Employed by	Working Hours	
Married	Number of Minor Children	Remarks

The Above Announcement Was Placed In The Canyon News On 9-19-71 As A One Time Notice To All Veterans As To Their Right To A "Certificate Of Entitlement To Burial" In The Veterans "Field Of Honor" At Memory Gardens, Inc.

On 9-23-71 An a Advertisement Was Placed In The Canyon News Contradicting The Above Announcement. The Advertisement In Essence Stated That "There Is No Give Away Cemetery Property" And That "The State Of Texas Requires A Percentage Of The Price For Cemetery Property Be Placed In Perpetual Care Trusts."

In The Ad Of 9-23-71 There Are Two Incorrect Statements. First, The State Of Texas Requires Of All Perpetual Care Cemeteries That A Specific Amount, (50¢ Per Sq. Ft.) Not A Percentage, Be Placed In A Perpetual Care Trust Fund. Secondly , It Is Possible To Obtain Free Cemetery Property (If You Are An Honorably Discharged Or Active Duty Member Of The U. S. Armed Forces) By Being Issued A "Certificate Of Entitlement To Burial." At The Time Of Death The Actual Grave Space Is Assigned, Just As In A National Cemetery, And Memory Gardens Places The Amount Required (\$15⁷⁵) By Texas State Law In An Irrevocable Perpetual Care Trust Fund.*

All Perpetual Care Deposits Made For Veterans Will Be Allocated Through And Deducted From The Advertising Budget Of Memory Gardens. This Is The Final Advertisement Concerning The Veterans "Certificate Of Entitlement To Burial." Anyone Desiring The Certificate Need Only Fill In The Above Coupon And Mail To Memory Gardens.

Member:

National Assoc. of Cemeteries
National Lot Exchange Program
Amarillo Better Business Bureau
Amarillo Chamber Of Commerce

* Memory Gardens Is A Perpetual Care Cemetery

And As Such Has An Irrevocable Perpetual Care Trust Fund Which Is Maintained By The First National Bank Of Amarillo As Trustee.

DONALD TODD

Todd Performs Here

Major musical works of the baroque, classical, romantic and modern periods will be performed Oct. 17 in a faculty recital by violinist Donald Todd of West Texas State University.

Performance time is 3 p.m. in the Fine Arts Building Auditorium. A public reception will follow. The recital is free to the public.

Todd, in his fifth year at WTSU, has programmed five period pieces that he considers to be "definitive of the musical styles from the countries from which they emanate."

The program includes Johann S. Bach's Sonata in G Minor, a typically Germanic work of the baroque genre which Todd considers "one of the most monumental works of polyphonic string music."

Representing the classical tradition will be Haydn's Concerto No. 1 in C Major, a "less-profound work displaying the Viennese tradition of high-spirited, gracious style," Todd says.

The romantic movement in music is depicted by Henri Wieniawski's "Scherzo Tarentelle," a fast Italian dance, named, according to legend, after the tarantula spider whose poisonous bite the dance was

believed to cure, Todd says.

The music of the 20th century will be represented by works of Sergei Prokofiev and Ernest Bloch.

The Prokofiev Sonata in D Major was written in Moscow in 1943 during the darkest hours of World War II, "yet its untroubled lyricism introduces a note of hope to the characteristically pessimistic Russian soul," Todd adds.

Bloch's "Nigun" from "Baal Shem" has been incorporated into the recital as a "fine example of the emotional intensity expressed in Yiddish music," he says.

Assisting Todd will be pianist George Eason of the WTSU music faculty.

Todd has been a featured soloist with numerous orchestras, including the Kansas City Municipal Symphony and the Amarillo, Northwestern University and University of Kansas symphonies.

He holds bachelor's and master's degrees from Northwestern University and a doctorate in musical arts from the University of Illinois. He has taught previously at the Shenandoah Conservatory of Music in Dayton, Va., and at Eastern Illinois University.

Bell To Crack Down On Telephone Fraud

Southwestern Bell Telephone Co. is losing so much money to dishonest long-distance callers that "The Bell System can't just cover its head in sand and overlook it," said Mike Patrick, manager for the system in Canyon.

"We're making it more difficult for long distance calls to be completed," said Patrick. "If a fraudulent call is completed, using a fake credit card number or phone number, we have new ways to detect, investigate and prosecute the person responsible."

The new plan includes changing of the credit card numbering system, training of operators to detect fraudulent calls when they are placed and the use of computers to spot fake numbers during billing.

Patrick said that in Canyon, the biggest problem he has had is with college students—"not many, and that's not the standard rule, systemwide," he added.

There has been some trouble in Hereford with residents in the town, but not in Canyon, Patrick said.

Most long distance cheating is done by using false credit card numbers or fake phone numbers, Patrick explained.

"The general public, I think, is more apt to use the credit card fraud route," he said, while students are likelier to give an incorrect number, calling from one phone and asking that it be billed to another one.

"This has been a game with a lot of people for a long time," said Patrick. "They just play it a lot more now than they used to, I guess."

"I've heard of at least one national magazine that had an article by a college graduate on how to beat the telephone company on long distance calls."

Patrick said that he had had credit card trouble with only five students in his years in Canyon, but "one student even after he left WTSU, was running up \$50 or \$60 a month. He just continued to use a credit card which never had belonged to him."

"People who have cards have a responsibility, too. They have to be careful how they use them."

Use of an unauthorized or fictitious telephone credit card could violate both state and federal law. Maximum penalties range from a \$1,000 fine and 10 years in prison if convicted of a felony under Texas law to a \$10,000 fine and five years in prison for felony conviction under federal law.

"There are good reasons for the stiff penalties," Patrick said. "The Bell System may lose \$34 million to toll fraud this year. In the five states Southwestern Bell serves, toll fraud losses may top \$3 million."

When a person makes a fraudulent call, "we'll be right there to stop him next time—either face to face or in a court of law," Patrick said.

RHETT PLANK

Gun History Sought

A gun believed to be around 125 to 150 years old has spurred interest in German crests for a Canyon man.

Rhett Plank is attempting to find the history of the muzzle loading shot gun which he acquired the first of this year.

The gun has what appears to be an old family crest inlaid in the stock.

"I am going to try and trace the crest—and we are assuming it is a German crest," Plank declared.

The gun was a present to Plank from a brother who visited in Germany last year, returning with the following piece.

"My brother Daryl found the

gun in an antique shop in Germany," Rhett said.

The Plank family came to the U.S. from Germany, according to Plank.

"The last Plank ancestor to come to the U.S. came from Speyr, Bavaria around 1750 or 1760," Rhett explained.

A picture of the crest will be sent to someone who knows crest history—and hopefully the gun will tell a story all its own.

Young Bowlers

Are To Organize

A meeting will be held at 10 a.m. Saturday in the West Texas State University Activities Center to form a youth bowling league in Canyon according to Hal Brown.

The league is open to all persons 18 years old or younger, Brown said.

All interested persons are invited to attend the meeting. Anyone that can not attend should call Brown before Saturday at 655-3467.

Swine Sale October 9

Panhandle Select Swine Breeders will sponsor a Show Barrow Sale at 1 p.m. Saturday, Oct. 9, in the Randall County Junior Livestock Barn in Canyon.

Some 325 pigs of all breeds will be sold during the afternoon.

Judging and sifting of all

barrows will be at 7 p.m. Friday, Oct. 8.

Both activities are open to the public free of charge.

PSSB Association members include breeders from Canyon, Hereford, New Home, Spearman and Randall County.

Those from the Randall County area include Spotlight Farms owned by Walter Cramer and Ronnie Gordon; Trammell Farms, Pat Trammell; James Brothers Farm, Neil James; Canyon FFA; James Walker; Triple H Farms; C.E. Christie; Dick Cummins; Dr. Charles Smallwood; Glenn Tucek; and Brietling Bros.

Car Wash Set For Thursday

The Delta Zeta sorority will hold a make-up car wash from 2-5 Thursday at the Magic Wand Car Wash.

The sorority had planned to hold an all-day car wash last Saturday, but were only able to work half a day due to the weather.

Persons who purchased tickets may bring their cars to the Magic Wand Thursday to have them washed.

Proceeds from the wash will go to help support the Canyon Hospital for Hansen's Disease, the Speech and Hearing Clinic in Amarillo, the Navajo Indians and various scholarship funds, according to Beverly Chisum.

Collie Gets Discharge

Spec. 5 Charles Collie has received his discharge from the United States Army and is now working with the Canyon Water Department.

Collie was assigned to aviation control at Fort Stewart, Ga. He is the son of Mr. and Mrs. E. A. Collie, 1111 7th Ave.

Major musical works of the baroque, classical, romantic and modern periods will be performed Oct. 17 in a faculty recital by violinist Donald Todd of West Texas State University.

Performance time is 3 p.m. in the Fine Arts Building Auditorium. A public reception will follow. The recital is free to the public.

Todd, in his fifth year at WTSU, has programmed five period pieces that he considers to be "definitive of the musical styles from the countries from which they emanate."

The program includes Johann S. Bach's Sonata in G Minor, a typically Germanic work of the baroque genre which Todd considers "one of the most monumental works of polyphonic string music."

Representing the classical tradition will be Haydn's Concerto No. 1 in C Major, a "less-profound work displaying the Viennese tradition of high-spirited, gracious style," Todd says.

The romantic movement in music is depicted by Henri Wieniawski's "Scherzo Tarentelle," a fast Italian dance, named, according to legend, after the tarantula spider whose poisonous bite the dance was

believed to cure, Todd says.

The music of the 20th century will be represented by works of Sergei Prokofiev and Ernest Bloch.

The Prokofiev Sonata in D Major was written in Moscow in 1943 during the darkest hours of World War II, "yet its untroubled lyricism introduces a note of hope to the characteristically pessimistic Russian soul," Todd adds.

He holds bachelor's and master's degrees from Northwestern University and a doctorate in musical arts from the University of Illinois. He has taught previously at the Shenandoah Conservatory of Music in Dayton, Va., and at Eastern Illinois University.

Margaret Campbell Exhibit Opens Oct. 17 On Campus

Watercolors, acrylics and oils by Margaret Campbell of the West Texas State University art faculty will be exhibited beginning Oct. 17 in the Formal Lounge of the Fine Arts Building on campus.

The week-long exhibits, which will include about 40 works, will open with a public reception from 2-5 p.m. Viewing hours will be from 3-5 p.m. Monday through Friday.

Mrs. Campbell, instructor in art for seven years, has exhibited

her works throughout the area and has been adjudicator in numerous art competitions. She has conducted work-

MARGARET CAMPBELL

shops and private classes for a number of years in Ruidoso, N.M., and in Canyon.

She was a citation winner in the Amarillo Fine Arts Association Show this year, and the winning work has been on display at the Laguna Gloria Museum in Austin.

She was also represented in the AFAS "Best in the Southwest Show" in 1970 and in the Texas Fine Arts Society's Spring Jury Show, in which her work was among those travelling in a circuit to cities throughout the state.

Mrs. Campbell attended the University of Texas for three years and received a Bachelor of Science and Master of Education degrees from West Texas State University. Further graduate work was undertaken at Texas Tech University from 1969 to 1970.

She describes her work as very traditional, representational renderings of the things she likes — "old houses, flowers, buildings and the like."

Smith Talks In Washington At Conference

Dr. Emmitt D. Smith, dean of the College of Education at West Texas State University, will address coordinators and administrators of the State Grants Programs in Washington, D.C., Wednesday.

Dr. Smith is the state coordinator of the Texas Performance Based Teacher Education Project being conducted at 11 locations in the state.

"Each location represents cooperatives of one Educational Service Center, one or more colleges or universities and one or more public school systems," Dr. Smith said. "These units are called Teacher Centers."

His speech at the Washington conference will be on the subject of "performance based criteria for teacher certification." He said that under this concept a certificate to teach will give attention to performance rather than accumulation of credit hours in college.

The WTSU Teacher Center has 62 junior class students enrolled in its program of individualized teacher education.

Band Parents To Serve Spaghetti

The Canyon Band Parents will serve a Homecoming spaghetti supper at the Canyon High School cafeteria from 5 to 8 p.m. on Oct. 8.

Mrs. Carl Johnson, chairman, said that profits from the supper would be used for regular band activities rather than the Vienna trip planned by the high school band.

Ticket prices are \$1.25 for adults and 75 cents for students. Dessert will be included in the price of the meal.

Art Club Sees Demonstration

The Palo Duro Porcelain Art Club viewed a demonstration on second fire on birds, given by Mrs. Ruby Jennings, on Sept. 17.

Mrs. Ruthe Maynard was hostess for the luncheon and painting meeting at the Canyon Country Club.

JUST WHAT IS A SLIPPED DISC?

It is really a ruptured disk. The spinal cord is a column of nerves running through the vertebrae. Between each pair of vertebrae is a soft spongy disk to allow the spine to bend and curve. It acts as a shock absorber. If sufficient strain occurs, this disk tears. The softer material oozes out into the spinal canal and presses against the spinal cord, causing severe pain.

A ruptured disk more often occurs after age 25. As one ages, the sturdy, elastic tissue, that gives the disk the support to sustain the vertebrae weakens. Usually bed rest, traction, or a support will help. A physician should be consulted.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Gene Howe News

BY PAULINE HEFLEY

At the Canyon Ladies Golf Association meeting held on Tuesday, our own Mrs. Bill "Ernestine" Harp was elected "Golfier of the Year". And, Mrs. Guy "Doris" Bulfinch is the incoming President of the Association.

Understand that Doris was not aware of her good fortunes until sometime later at home when a friend phoned to congratulate her. (That's what you get for leaving a meeting early.) Congrats to two of the most talented ladies in our territory.

Happy Birthday to Bart Solbrig, Kelly Forehand, and Patty Lovelady.

Congratulations to the fifth grade Gene Howe Falcons (football team) who won their game with a score of 14 to 0 against Western Plateau.

Happy Anniversary to Bill and Barbara Rudd.

Guess y'all already know George McCurry's malady as related in the Brand X paper in Amarillo. With all the precipitation we had recently it appears that the drain didn't function too well on the roof of Georges' building, consequently the water continued to accumulate — until — surprise — when George tootled down to his working place Saturday morn, the roof had caved in.

As you know, George is the owner of Professional Auto Glass at 3706 Mockingbird. Needless to say, George was busy as a little cranberry merchant over the weekend, but was open for business on Monday. The Amarillo paper quoted that George had approximately \$5,000 of damage — that's a pretty expensive rain.

Congratulations to the fourth grade Falcons who won their game against Whittier with a score of 8 to 0 this last Sunday.

Happy Birthday to Rocky Chambers, Vera McCurry, Ed-dy Vance.

A hearty congratulations to Cindy Johnson who is simply effervescent because she made first chair in the Symphonic Band in the flute section at Canyon Junior High.

Happy Birthday to Vicki Forehand.

Well, this body had a simply great trip down to the most unique city in the state, San Antonio. Going along with me were Dr. Robert Gulde, Christian Sparks, Mrs. Frances Graham, Mrs. Ellnor Gammage, and Mrs. Betty Musick, all from Amarillo. We had the pleasure to attend the Annual Assembly of the Heart Association and it is most encouraging to hear the progress that is being made in the area of research and continued education of this dread disease. (In case you are not aware, over 54% of all the deaths in the U.S. are due to cardio-vascular disease.)

You will be pleased to know that Dr. Gulde and Chris Sparks are Regional Board Members on the State Board and I had the honor to be asked to serve on the Public Relations Committee of the Heart Association on the State Level.

We really had a great time and hopefully, all the delegates returned to their respective areas of the State with renewed enthusiasm and determination to do everything they can to educate people about the number one killer. By the bye, I'm fast becoming bilingual.

However there is an occasional breakdown in communication. I kept telling the waiter that I wanted some Java to drink and he didn't seem to understand what I wanted until finally one of the members of the group who is more conversant in Spanish than I, said "cafe" and promptly informed

me that java is an island is some far-away place. (Just thought I would throw in a little humor there).

Oh, yes, while strolling along the very scenic San Antonio River which meanders through the very heart of San Antonio, who should I run into but our illustrious school board member, one Harold Erwin. Seems as though he and Jerry Jacobs were down for the State School Board Members Convention. One of the real fun benefits of traveling is you always run into a body from back home. Oh, yes, you might be interested to know that Will Rogers said the most fascinating, unique, (well, one of those words that he always

used) four cities in the United States were San Francisco, New Orleans, Boston, and San Antonio. I suspect that ole boy knew what he was talking about.

Congratulations to Donnie Minier and Debbie Rawlings who got that married knot tied up real tight recently. We certainly wish them all the good blessings this life can afford.

Now yall, phone me your latest happenings. 376-9853 or 352-2089. Thanks loads.

Borrowed from Somerset Maugham. . . "American women expect to find in their husbands a perfection that English women only hope to find in their butlers." . . . pmh

Mrs. Roberts Continues Long-Time Cooking Skills

Mrs. N.W. Roberts, 1805 7th Ave., has an affection for antiques and for traditional cooking.

She is proud of the turkey dish and coffee grinder her mother used and likes to keep up her own skill at making homemade jellies and pickles, cornbread that never stood near a package of a mix, and Brown Beauty cake which is small and therefore, "just the right" size for Mr. Roberts and me when we're by ourselves.

For their own use and for giving away, she and her husband have just finished putting up 60 quarts of chow-chow. Last year, they stored away 42 quarts of the green tomato relish.

Also in their basement are canned apples and apricots to be used in pies this winter, all kinds of jellies including crab apple, plum, and "just everything."

Mrs. Roberts says she "used to think I'd like to read, but somehow I never have time. My time is so well filled up with things I feel like are necessary that there's not time for much extra."

She does do some church work, mostly through the women's organizations of First Christian Church and also sews for her granddaughters and herself.

Roberts runs Roberts Fix-It Shop in their home, and works on a wide range of items including lawnmowers and electrical appliances.

The couple moved to Canyon in the fall of 1948, and Roberts worked as a carpenter. He had previously worked for the Texas Highway Department in Childress.

Their daughters are Mrs. W.B. Mills of Aspen, Colo., and Mrs. Norma Winningham of Canyon.

A son, David, lives in Houston.

The pair boast of 11 grandchildren, including two sets of twins.

The grandchildren even like the chow-chow on sandwiches, said Mrs. Roberts, and that way, "you use quite a lot in a year's time."

Roberts did all the grinding for his wife and helped in almost every way, she said.

For use on a smaller scale, Mrs. Roberts has adapted her own mammoth recipe to one which makes about six pints.

Recipes follow:

CHOW-CHOW
2 medium-size heads of cabbage about 2 lbs. green tomatoes
2 large onions
4 pods hot green pepper
1/4 cup canning salt
1/2 cup sugar
1 cup vinegar
1 cup water

Grind cabbage, tomatoes, onions, and pepper in food chopper, save the juice. Mix ground ingredients and juice and water together thoroughly. Simmer for about 10 minutes and seal in hot sterilized jars. Makes about six pints.

BROWN BEAUTY CAKE

1/2 cup boiling water
4 tbsp. cocoa
1 cup flour
1 cup sugar
1/2 tsp. each soda, baking powder and salt
1/4 cup shortening
1/4 cup buttermilk
1 egg
1/2 tsp. vanilla
Melt cocoa in boiling water,

WT Harriers Plan Meet

CANYON--West Texas State University's cross country team will host its own invitational meet at 11 a.m. Saturday in Amarillo's Thomson Park.

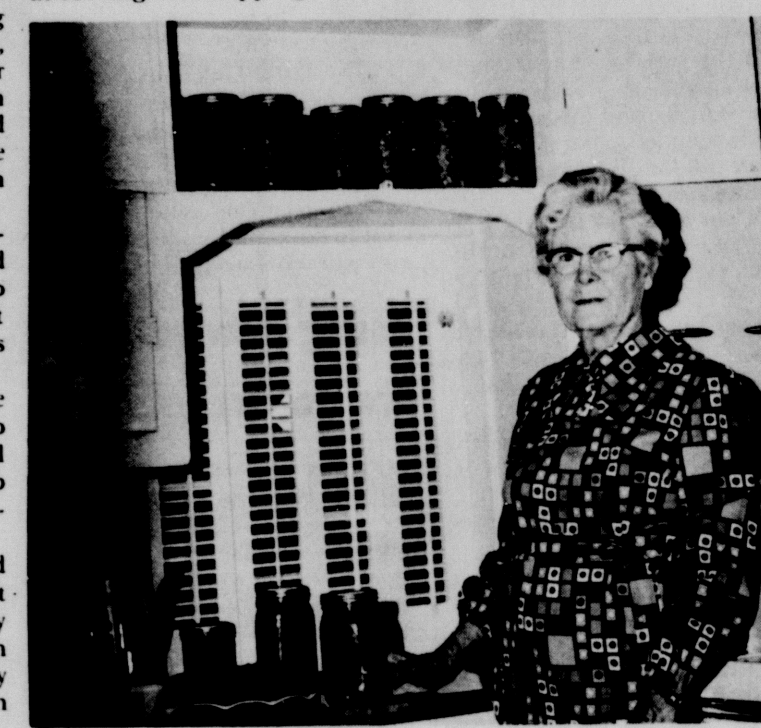

Other teams entered are Texas Tech, Wayland and Southwestern State of Weatherford, Okla.

The Buffaloes of coach Bob Kitchens earlier won the Wayland Invitational by beating both Wayland and Tech.

Last weekend, however, the Buffaloes fell by a wide margin to Eastern New Mexico University in a meet at Portales, N.M. The Buffaloes totaled 50 points to the winning total of 16 by ENMU. The winners took the first four places. Jim Jogan was the first West Texas runner across the finish line and he took fifth.

let cool. Sift all dry ingredients together. Add melted cocoa, shortening, buttermilk, vanilla, and egg. Beat for 2 minutes. Grease and flour 8x8x2-inch square pan. Bake 20 or 25 min. at 350 degrees. Topping: Scald

2 tbsp. milk, add 1/4 cup margarine, 1 tbsp. cocoa, 1/2 tsp. vanilla. Beat in enough confectioners sugar to make a proper spreading consistency. For flavor variety, 1 tbsp. of hot coffee may be added.

Mrs. N.W. Roberts stands before shelves of her own chow-chow and jelly. She and her husband have just finished canning 60 quarts of chow-chow.

WT Bowlers Change Leagues

The West Texas State University Bowling team, in a surprise move, dropped out of the Texas Intercollegiate Bowling Conference and joined the New Mexico Recreation Bowling League recently.

Hal Brown, bowling coach, said that the TIBC had planned to split the league into two conferences to help cut down the traveling expense of the league members and to encourage new membership.

But, the league decided against the split and Texas Tech and WT dropped out of the league, due to that decision.

The NMRC, like the TIBC, is an eight team conference. Other members are University of Texas at El Paso, Texas Tech, Eastern New Mexico University, University of New Mexico, New Mexico State and New Mexico Military Institute.

"Among the top four or five teams in the NMRC, the competition is just as rough as it is in the TIBC, but I think the other teams may not be quite as strong," said Brown.

"We are a lot closer to these teams than we were to those in the TIBC, which is a factor that we must consider since we do not have a whole lot of money to operate on," Brown added.

The WT girl's bowling league joined the NMRC earlier this year. "Not only does the

New Mexico conference have bowling competition, but they have billiards and table tennis as well," Brown said.

The WT bowlers captured the first New Mexico conference tourney they competed in. They scored 47.22 points to win that tourney, Saturday in Roswell.

ENMU was second with 44.02 points, UTEP was third with 42.48 and NMS was fourth with 40.26.

The UTEP women captured first in their division with 43.28 points while the WT women finished second with 37.51. ENMU was third with 37.39 and NMS was fourth with 32.26.

Gary Moeller took high individual honors at the meet for the Buff bowlers. He rolled a 246 high game, which was high for the tourney and had a 180 average.

Gary Gardner was the next high WT bowler with a 177 average.

Susan Cox was the top WT girls bowler and the high woman bowler of the meet. She rolled a 177 average.

Other men to compete in the tourney for the Buffs were Charles Hood, Mike King and Larry Swafford. Other women bowlers were Judy Fugate, Paula Hill, Mary Hester and Sandi Hutson.

Head Canyon Eagle coach Ron Mills, left and Austin Bowes, former high school football referee have a serious discussion about the finer points of football. Bowes was the guest speaker at the Canyon Booster Club's regular meeting Tuesday night.

Eunice King Reappointed To Board

Mrs. Eunice King, Head of the Nursing Department at West Texas State University, has been reappointed to the Texas State Board of Nurse Examiners for a six year term by Governor Preston Smith. Mrs. King was first appointed to the Board in 1965 by Governor John Connally. She is presently serving her second year as president of the Board.

The Board of Nurse Examiners controls the practice of nursing of the 48,000 registered nurses who are currently licensed to practice in the State, and establishes the state standards for the 41 Nursing Schools in Texas.

News Brief

Richard Burgess has been named sales representative for the Oklahoma City office of Braniff International. He is the son of Mrs. T.E. Burgess, 1904 7th Ave., and a graduate of WTSU and Canyon High School.

Jan Sternenberg, Keeling To Wed

The engagement of Miss Jan Carroll Sternenberg to Keith Thomas Keeling has been announced by her parents, Mr. and Mrs. W.W. Sternenberg, 6 Bramblewood Lane.

The prospective bridegroom is the son of Mr. and Mrs. Tom R. Keeling, 908 17th St.

The ceremony is planned for Dec. 20.

Miss Sternenberg is attending West Texas State University, where she is a member of Chi Omega sorority. She is a graduate of Canyon High School.

Keeling is attending Clarendon Junior College. He has also attended WTSU and was graduated from Canyon High School.

Millie Hales To Head Ran-Dell 4-H Club

The Ran-Dell 4-H Club heard reports on summer events and elected new officers at its first fall meeting on Sept. 21.

The new club president is Millie Hales.

Jim Grabber reported on his trip to a camp at Cloudcroft, N.M., sponsored by Southwestern Public Service Company, and on the district Council meeting. Connie Brazzil told about candy sales and a dress review.

Doris Grabber reported on the bake show, and Millie Hales, on the county camp.

The Natural Resources Camp was discussed by Connie Brazzil and Millie Hales.

Dr. Townsend Speaks To Canyon Study Club

Dr. Charles Townsend spoke on "Americanism Today" at a meeting of the Canyon Study Club Sept. 21. Dr. Townsend is an associate professor of history at WTSU.

Committees were appointed to work on the Halloween Carnival set for Oct. 30.

A fine arts report was given by Mrs. Johnny Raymond.

New members of the club are Mesdames Ken Kendrick, Don Sheets, Dale Newman, James Lundy, and Jerry Becknell.

Attending were Mesdames Fred Begert, Lynn Blewett, Weymon Brown, Mrs. Brown, Charles Brasher, H. T. Carr, Kenneth Cornelius, Don Dolle, Stewart Hamblen, Willis Harrison, Larry Hooper, David Hunt, B. B. Kendrick, Bob Kitchens,

Cary Magness, Don McRoberts, John O'Connor, David Patterson, Rhett Plank, Pinky Taylor, the new members, and the hostesses, Mrs. Don Max Vars, Mrs. Eddie Knowles, and Mrs. Durwood Henderson.

Capers Have Salad Supper

Five squares danced to the calling of Knox Day Monday night at the Canyon Capers meeting in the Junior Livestock Building.

A salad supper was held at intermissions.

Guests were Mr. and Mrs. Glen Amborn of Tulsa and dancers from Levis and Lace, Teen Twirlers.

The Capers meet every Monday at 8:30 p.m. Visitors are invited to attend, said a club representative.

Miss Jan Carroll Sternenberg

Smyrls Have New Daughter

A daughter, Tracy Ann, was born to Mr. and Mrs. Norman Smyrl of Stillwater, Okla., on Sept. 21.

The little girl weighed 9 pounds, 6 ounces. Smyrl is attending Okla-

homa State University. Mrs. Lucille Smyrl is the paternal grandmother. The maternal grandparents are H.G. Starling of Lovington, N.M., and Mrs. Ernestine Starling of Monahans.

Mrs. Kelvin Ted Allen

nee Fawneil Price

Ceremony Unites Miss Price, Allen

Wedding vows were exchanged by Miss Fawneil Price and Kelvin Ted Allen in a candlelight ceremony in the home of the bride on Sept. 21.

Rev. Jack Pence officiated at the double-ring service.

Parents of the bride are Mr. and Mrs. H.J. Price, 2422 5th Ave. She is the granddaughter of Mr. and Mrs. Joe K. Currie.

The bridegroom is the son of Mr. and Mrs. Ted Allen, Rte. 1. Miss Janet Black of Pampa was maid of honor. The best man was Bruce Currie.

Given in marriage by her father, the bride wore a floor-length gown fashioned with an empire waist and lace bodice. Her shoulder-length veil of illusion was attached to a coil of petal points.

At a reception following the ceremony, Mrs. Randall Price and Miss Marsha Currie presided at the serving table.

The bride and groom are both graduates of Canyon High School and attended West Texas State University.

The couple is at home at 1223 W. 11th in Amarillo. Mrs. Allen is employed by Security Federal Savings and Loan Association, and her husband, by Hallmark Builders.

Rock To Be Subject

A discussion and demonstration of rock music will form the first of a five-part series on "Current Issues of Concern to Christians" at First United Methodist Church. The series will begin at 7 p.m. Sunday in the sanctuary when Mrs. A.J. Luquette will lead in a meditation titled "A Christian Looks at Modern Music." The Emmanuel Players will present a number depicting worship through movement.

Steve Hilton will lead a discussion at 7:30 in Fellowship Hall. Hilton is a music major at WTSU and music director at First United Methodist Church in Tulsa. He will take up the evolution of rock music, its impact on contemporary society, and its probable status in the future. He will demonstrate types of rock songs with guitar and accompaniment.

Special groups are being planned for children.

Wedding Date Set For Miss Olson

Mrs. Patricia Burns Olson has announced the engagement and approaching marriage of her daughter, Dorothy Cruise, to Hollice Andrew Snyder. The ceremony is to take place in Joseph Hill Memorial Chapel at West Texas State University on Dec. 21.

Miss Olson is the daughter of Mrs. Olson, 2519 13th Ave., and Robert Daniel Olson, Birmingham, Ala.

Snyder is the son of Dr. and Mrs. Hollice Henry Snyder, 905 17th St.

Both the couple are 1969 gra-

duates of Canyon High School, and both are attending WTSU. Snyder has also attended Texas A&M at College Station.

Dawn Miller Has Birthday

A party honoring Miss Dawn Tiffani Miller on her first birthday took place in the home of her grandparents, Mr. and Mrs. Floyd Lassiter Saturday.

A Raggedy Ann and Raggedy Andy theme was used in the cake and the decorations. Bean bags were favors.

Guests were Michael Wayne Adams, Stephanie Charles, Lora Lee and Lisa Laird, Chad and Derek Bonds, and Bryan Bussey.

Also attending were Mr. and Mrs. Wayne Adams, Cecil Charles, Shug Bonds, Mrs. Lynn Laird, Charles Bussey, LaNeda Jones, Miss Sheri Lassiter, Miss Michelle Miller, and Mrs. Mildred Kennedy of Pampa.

Dawn's great-grandmothers were also present. They are Mrs. Virgie Calloway of Pampa and Mrs. Christine Lassiter of Goodman, Mo.

Leaders Pick New Officers

Millie Hales is to head the 4-H Junior Leaders for the coming year. She was elected Sept. 21 in a meeting at the Farm Bureau Building.

Other new officers are Jim Grabber, vice-president, Connie Brazzil, secretary, and Willie Hales, reporter.

The group made plans for National 4-H Week, Oct. 4-10. Jim Grabber reported on the District Council meeting, which he attended as Randall County delegate.

Others present were Glenda Hollenstein, Linda Hales, and Mrs. Anton Hollenstein, adult leader.

Concert Drive To End

Membership drive for Canyon Community Concerts will close at noon Saturday, according to Mrs. Joe Findley, drive chairman.

Memberships for the three-concert series are available from workers in Canyon, Amarillo, Tulsa, Herford and UMBarger or from the association's headquarters at Southwestern Public Service Co., 1608 4th Ave. The headquarters telephone number is 655-9621. Workers will be on hand from 10 a.m. to 5 p.m. today and Friday and from 9 a.m. till noon on Saturday.

In addition to a violin recital by James Oliver Buswell IV on Oct. 31 and a vocal program by the Bel Canto Trio on Feb. 18, board members will choose a third attraction Saturday afternoon, following the close of the

Luau Honors BSP Rushees

Members of Chi Upsilon Chapter of Beta Sigma Phi International sorority planned a Hawaiian luau to honor rushees on Wednesday evening at the Girl Scout House.

The next meeting will be held on Oct. 6 at the Scout House. A board meeting at 7 p.m. will precede the regular 7:30 meeting.

drive.

Members may also attend a number of Community Concerts in other cities, including Boiger, Clovis, Dumas, Herford, Lubbock and Plainview.

Mrs. Hilda Wilmore of Topeka, Kan., field representative for Columbia Artists, has been in Canyon all week to aid in the campaign. Columbia is the parent organization for Community Concerts.

Chapter Will View Dollar Use

"Your School and City Tax Dollar—What Does It Buy?" is the subject for a meeting of the Canyon Branch of the American Association of University Women set for 2 p.m. Saturday. Mrs. Kenneth Laycock, 704 Taylor Lane, is to be hostess.

A panel of speakers is composed of Conway Kuykendall, tax assessor-collector for Canyon's school system and the city, Ray Schultz, business manager for the schools, and George Loudder, city manager.

Co-hostesses for the dessert meeting are Mesdames Jesse Moses, George Umberston, Nolon Henson, and Rose Kinzer.

Miss Dorothy Cruise Olson

Miss Strofer Bride Of Harry Widick

Mr. and Mrs. H.R. Strofer of Post have announced the marriage of their daughter, Elizabeth Jane, to Harry William Widick.

The bridegroom's parents are Mr. and Mrs. Harry H. Widick, 1402 9th Ave.

The marriage vows were read in the Central Church of Christ in Amarillo by Rev. Bob Barnhill on Aug. 27.

Mr. and Mrs. Charles Richard Widick were best man and matron of honor. The best man is the groom's brother.

The bride was graduated from Post High School and is employed at Amarillo's Tascosa National Bank. The groom is a graduate of Canyon High School. He attended West Tex-

as State University and is employed by the Unifroyal Tire Co. After a wedding trip to South Fork, Colo., they are at home at 822 S. Tennessee in Amarillo.

News Brief

Mr. and Mrs. W.R. Crawford, 1206 8th Ave., entertained guests over Sunday.

In the party were Mrs. Crawford's brother and his wife, Mr. and Mrs. DeWitt Williams of Palestine, and her nephew and his wife, Mr. and Mrs. D.J. Williams of Arlington.

Crawford's brother and sister-in-law, Mr. and Mrs. Carter Crawford from Spearman, were also present.
